

“Attacks by pit bulls are associated with higher morbidity rates, higher hospital charges, and a higher risk of death than are attacks by other breeds of dogs.

Strict regulation of pit bulls may substantially reduce the US mortality rates related to dog bites.”

Zainabou Drame of Cincinnati, mauled by 2 Pit Bulls in 2014. They destroyed her lower jaw, took most of her teeth, ripped out her tongue - they left her facing a life without speech, a life being fed through a tube & a life drawing breath through a tube.

**A life changed, forever.**
